the inhabited parts of the city has still further been curtailed within the last 20 or 30 years by new buildings being indiscriminately allowed to spring up thereon Govt regard this state of things as highly unsatisfactory. The attention of the President of the Municipal Board is drawn to the Progs of Govt No 3589 Mis 560 dated the 12th September 1895 and he is requested to see that the instructions therein contained are strictly carried out Govt are further pleased to direct that the issue of licenses for the construction of new houses on private

sites

Sites hitherto vacant, shall cease until further orders.

3. The Sanitary Engineer and the President of the Municipal Board should personally inspect all vacant house-sites, whether belonging to private individuals or to Govt, as well as all sites on which new buildings have been commenced and are in progress, and submit a very early report as regards such reservations and acquisitions as may in their opinion be desirable on sanitary and other public grounds.

To, The President Municipal Board Bangalore
The Sanitary Engineer

4. Yesterday morning during the inspection of the Dewan & the Sanitary Engineer the attention of the Dewan was drawn to certain new buildings which are springing up North of the First Road & West of the Market. These buildings have been allowed without any consideration of the requirements of drainage, ventilation & convenient access, and so as to block up the [illegible] ground which has been regarded as suitable for, if not actually reserved for, extension of the Market & Railway Site, & it is in close proximity to the proposed Hospital for which the Govt is trying to buy the Chettiarpet & adjoining houses. The interests of public interests demand that [illegible]
